MASTERS COURSE ON FAT GRAFTING FOR
FACE, HANDS, BREASTS & BRAZILIAN BUTT

American Academy of Aesthetic Medicine

COURSE HIGHLIGHTS
The Liposculpture technique is the most popular procedure in cosmetic surgery since 1980’s. Nowadays there are a myriad of techniques & devices which make it quicker & safer. Studies on fat-derived stem cells harvested by Liposculptures have proved its efficacy, specifically for the Brazilian Butt and Breast Augmentation purposes.

This course is specially designed for both doctors beginning on body reshaping cosmetic surgery & those with large experience desiring to share tips and expertise.
