

Neuromuscular ultrasound – Basic course (Level A)
18-19 Nov 2019
Programme

Day 1: 18 Nov 2019

08:30 – 09:00 Registration – welcome

Upper extremities

09:00- 09:30: Basics of neuromuscular ultrasound: Sonographic features & image optimization

09:30 – 10:00: Ultrasound anatomy of the **median nerve**

10:00 – 11:30: Hands on training on the median nerve

11:30 – 12:00: Ultrasound anatomy of the **ulnar nerve**

12:00 – 13:30: Hands on training on the ulnar nerve

13:30 – 14:30 **Lunch break**

15:00 – 15:30: Ultrasound anatomy of the **radial nerve**

15:30 – 17:00: Hands on training on the radial nerve

End of day 1

Day 2 : 19 Nov 2019

Lower extremities

09:00 – 09:30: Ultrasound anatomy of the **tibial nerve**

09:30 – 11:00: Hands on training on the tibial nerve

11:00 – 11:30: Ultrasound anatomy of the **fibular nerve**

11:30 – 13:00: Hands on training on the fibular nerve

13:00 – 14:00: **Lunch break**

14:00 – 14:30: Ultrasound anatomy of the **lateral cutaneous femoralis and sural nerve**

14:30 – 16:00: Hands on training on the lateral cutaneous femoralis and sural nerve

16:00 - 16:30: Find the nerve - Electronic Quiz

16:30 – 17:00 End of the Basic Course – Discussion -
Evaluation
